Dear

Re: Examination Results Day Thursday 14th August

Firstly, I would like to congratulate you on the way that you have conducted yourselves throughout the Summer Examination Series. You have faced the challenges posed with commitment and determination and I hope this is reflected in your results.

You will be able to collect your examination results from **11 am** in the school canteen, where staff will be available to offer congratulations, advice, and any necessary support. Should you need any assistance before this date, please do not hesitate to contact me via my email.

On receipt of your results, we will assess any requirements for resit opportunities which will likely be in the January examination window.

If you are unable to collect your results on the day and wish for a family member to do so on your behalf, a letter of authorisation is required and the person collecting the results must bring a form of photographic identification.

Re-marks will be undertaken at the discretion of the school. Parents or pupils wishing to have a paper re-marked will be required to pay for this service.

Best wishes

Victoria Donovan
